## Comments on New Reading Room Proposal

**Architects' plans** have been commissioned for the proposed replacement of the existing Whittlebury Reading Room; these plans as presented to you have been developed within the constraints of space, planning requirements and affordability.

To move onto the next stage, your feedback on these plans is now required; does the proposed new Reading Room meet your expectations in terms of facilities, appearance and economic viability, does it meet the wants of the village community.

Please study the four statements below and score them on the basis of your agreement with them. Score 1 to 5, with 1 being - I don't agree at all, to 5 being - I fully agree.

### 1. Facilities and Amenities - does it do the job?

The plans and proposals for a new Reading Room will provide facilities and amenities that fully meet the requirements of the village community.

Score 1 to 5

### 2. External Appearance - does it look good?

The proposed new Reading Room, located as it is in the central part of the village, will present an external view in terms of aesthetic design, size and conformity that will enhance the overall appearance and attractiveness of Whittlebury.

Score 1 to 5

### 3. Economic Attraction - will it be used?

The proposed new Reading Room will provide facilities and amenities that will be used by villagers and the wider community for private functions, clubs and organisations in order to provide income to meet upkeep and maintenance costs.

Score 1 to 5

### 4. Overall, does it provide what is wanted?

The proposed replacement of the existing Whittlebury Reading Room provides what is wanted by the village and wider community. Score 1 to 5

**Score: 1 - (don't agree at all) to 5- (fully agree)**
